

# 30"

*"When you need outstanding performance"*

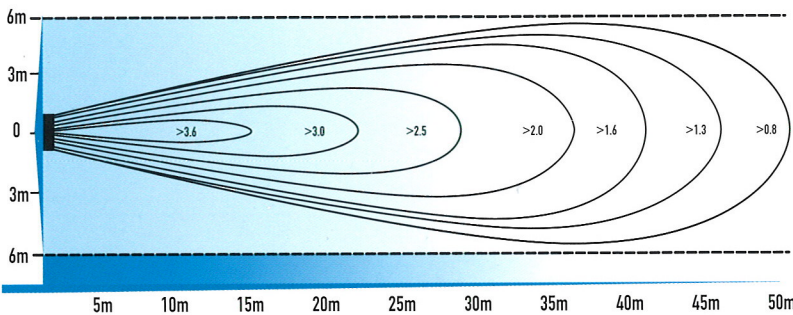

## 30" Power Blast Fan

The perfect choice for where high air circulation is needed for large open areas, such as warehouses, or around heat producing equipment. This fan is especially designed for industrial environments and provides an evenly distributed stream of air over a distance of 50m.

### Product Specification

Description	Product Code No.	M3/hr	H.P.	Fan Dimensions, mm (inches)			Shipping Weight	Area of Coverage	Distance Air Throw
				Width	Depth	I.D			
 Ceiling Suspended	NFP 5041	20,400	1	940 (37)	559 (22)	785 (30 7/8)	45kg	800sq.m	50m
 Yoke Mounted	NFP 5011	20,400	1	940 (37)	559 (22)	785 (30 7/8)	54kg	800sq.m	50m
 Column Wall Mounted	NFP 5021	20,400	1	940 (37)	559 (22)	785 (30 7/8)	65kg	800sq.m	50m
 Portable Stroller Base	NFP 5031	20,400	1	940 (37)	559 (22)	785 (30 7/8)	68kg	675sq.m	42m

### Air Flow Pattern

- 50 metre air throw
- 110V or 240V power supply
- 3 phase motors available
- 2 years warranty
- Speed control available

### The Benefits

- Increase productivity
- Suitable for warehouses
- Improved air circulation
